

## UNITED STATES COURT OF APPEALS FOR THE ELEVENTH CIRCUIT

11th Cir. R. 31-6 Maintaining Privacy of Personal Data. In order to promote electronic access to case files while also protecting personal privacy and other legitimate interests, parties shall refrain from including, or shall partially redact where inclusion is necessary, the following personal data identifiers from all pleadings filed with the court, including exhibits thereto, whether filed electronically or in paper, unless otherwise ordered by the court.

- a. Social Security numbers. If an individual's social security number must be included in a pleading, only the last four digits of that number should be used.
- b. Names of minor children. If the involvement of a minor child must be mentioned, only the initials of that child should be used. For purposes of this rule, a minor child is any person under the age of eighteen years, unless otherwise provided by statute or court order.
- c. Dates of birth. If an individual's date of birth must be included in a pleading, only the year should be used.
- d. Financial account numbers. If financial account numbers are relevant, only the last four digits of these numbers should be used.

A party filing a document containing the personal data identifiers listed above shall file a redacted document for the public file and an unredacted document under seal, along with a motion to file the unredacted document under seal specifying the type of personal data identifier included in the document and why the party believes that including it in the document is necessary or relevant. If permitted to be filed, both the redacted and unredacted documents shall be retained by the court as part of the record.

The responsibility for redacting these personal data identifiers rests solely with counsel and the parties. The clerk will not review each pleading for compliance with this rule.

In addition to the foregoing, a party should exercise caution when filing documents that contain the following:

- Personal identifying number, such as driver's license number;
- medical records, treatment and diagnosis;
- employment history;
- individual financial information; and
- proprietary or trade secret information.
